How Many Miles From a Cord Tire?

Men are everywhere telling remarkable tales about mileage from Miller Cords. But remember that mileage varies with conditions. Size and load, road and care affect it.

One man who has sold and watched many thousand Miller Tires says this: "I find that Millers excel other tires in service from 50 per cent to 75 per cent."
The Hudson Taxi Co. of Detroit reports a 15,000-mile average on rather heavy taxis.

Tread Patented

Center tread smooth with suction cup for firm hold on wet asphalt. Geared-to-the-Road side treads mesh like cog in dirt.

Dealer's Name and Address

The Eldorado Stage Co. of Los Angeles, after long comparisons of 22 makes, say that Millers excel all.

Factory Tests

Miller factory tests, which are severe, last year showed a rear-wheel average of 15,000 miles on Cords. They proved that Millers, with rare exceptions, outwear every tire compared. They proved the new Miller tread the best of all treads by 25 per cent.

Test one for yourself. It will give you new ideas about tire mileage. It will, in all probability, break all records on your car. Miller experts in ten years have done much to serve you. For your own sake, learn what they have done.
